

FLOOR BUNDING

FULL MONEY BACK GUARANTEE.

AUSTRALIAS NO 1 FLOOR BUND SOLUTION.
VEHICLE FRIENDLY, EASILY INSTALLED, HEAVY DUTY AND RUGGED, GET FREE BOLTS AND WASHERS WITH EVERY PURCHASE.

Need a containment solution? Look no further. **TERFB** is the ultimate bolt down floor bund on the market and we back that up with our "golden gurantee".

Fluid-sealing has never been as easy with our trade mark glue channels. Save time installing with our easy installtion guide.

Perfect for liquid storage areas, wash bay areas, containment areas and all applications that require a reliable and robust liquid spill containment or diversion.

Safely contain hazardous liquids including workshop spills without the need for major construction.. The product is supplied in 5m lengths and can be easily cut to fit the shape you need. 125mm wide x 42mm in height the bund mitigates the risk of trip hazards and is our top seller for good reasons.

TERFB ticks that's compliance requirement so you can get back to doing what you do best.

For the ultimate seal use a sealant adhesive in the glue channels to take up any imperfections in the flooring.

NOW AVAILABLE IN SAFETY YELLOW PLUS BLACK AS STANDARD.

Glue Channels

Don't compromise the seal like flat surface bunding does.
